

A Late 19th century Navette Cluster gold ring with diamonds.

Old-cut diamonds 5,5 ct - central diamond 1,25 ct, clarity SI

UK size L ; total weight 7,68 gr

1880 circa

This antique diamond navette cluster ring was made in the late-Victorian era (1880 circa). The large, marquise shaped gallery is encrusted with twenty-five chunky cushion and old-mine cut diamonds with smaller diamonds nestled in between.

This stunning Victorian statement piece offering a magnificent collection of old diamonds.
