

A modern gold ring set with three nicolo intaglios. Classical busts.

Intaglios: 8 x 10 - 7x 9 mm

Mounting: Gold (18k); UK size O (resizable); total weight 9,10 gr

19th century later mounted (20th century)

Referring to the Grand Tour era, these three graceful gems are combined in a setting that enhances their similarity. Probably this composition, perfectly symmetrical and balanced, symbolizes the family, with both parents surrounding the daughter (*in the center of the set*).

On the left: bust of Zeus. Central: female bust. On the right: bust of Hera.

Slightly wear marks.
